"Pyrex® is a trademark of Corning Incorporated used under license by International Cookware»".

At Pyrex®, we love to cook

We have a passion for ingredients.

Borosilicate glass, silicon, ceramic, vitro-ceramic, aluminium, stainless steel, cast iron.

No one else knows how to prepare them like we do

We're obsessed with thermal shock resistance and durability.

And we always keep pushing the limits.

Fire and Ice.

From -40°C to 300°C

From freezer to oven to fridge and back

This took us to where we are today,

in every kitchen around the world.

Generation after generation.

We will never let you down.

So don't be afraid, unleash your thirst for creation.

A table !
