lock-eat®

Introduction

The lock-eat® collection has been designed for food preserving amid the various techniques as per countless recipes.
It is possible to preserve fruit, vegetables, jams and jellies, syrups and fruit juices, and more…

lock-eat® jars and carafes are ideal as they are suitable for :

- heat treatment (boiling or potting),
- in oil,
- pickled,
- in brine,
- dry-cure (or dry-salt),
- and more…

The transparent glass jar and lid make it is easy to visually check the contents without having to open it.
The lock-eat® Food and Juice jars have a glass lid that can be completely removed making them practical to use, compact in size and easy to wash in a dishwasher.
lock-eat® jars are functional and particularly suitable for the presentation of single serving food (amuse-bouche) and the carafes are ideal for the serving of many types of drink.
