This year is our 10th year of trading and it has been an exhilarating, challenging and extremely exciting journey and we have loved the ride!

We would like to extend a heartfelt thank you , to all our customers, suppliers, principals, and staff, for all your unwavering and constant support throughout our journey.

We look forward to continue to work with you all and keep paving the pathway for the road ahead.

Regards

Anthony and Caroline

Lock-eat®

Introduction

The **Lock-eat®** collection has been designed for food preserving amid the various techniques as per countless recipes. It is possible to preserve fruit, vegetables, jams and jellies, syrups and fruit juices, and more...

Lock-eat® jars and carafes are ideal as they are suitable for :

- heat treatment (boiling or potting),
- in oil,
- pickled,
- in brine,
- dry-cure (or dry-salt),
- and more...

The transparent glass jar and lid make it is easy to visually check the contents without having to open it.

The **Lock-eat®** Food and Juice jars have a glass lid that can be completely removed making them practical to use, compact in size and easy to wash in a dishwasher.

Lock-eat® jars are functional and particularly suitable for the presentation of single serving food (amuse-bouche) and the carafes are ideal for the serving of many types of drink.

lock-eat®

Innovative detachable lid

100% made in Italy

- ① clear glass lid
- ② natural rubber gasket

- ③ fill level
- ④ clear glass jar
- ⑤ stainless steel elastic clamp

The benefits

- Jar with innovative Glass Lid: easy to fill / easy to close / easy to open
- Detachable Lid
- Canning safe / Airtight safe / Freezer safe
- Stainless steel elastic clamp: easily removable
- Microwave safe without stainless steel clamp
- Natural rubber gasket: food safe
- Easy to wash Jar and Lid: by hand or dishwasher
- Ideal for single serving
- Juice Jars: easy to fill and easy to pour;
- Canning safe / Airtight safe
- At a glance, easy to check that lid is sealed
- Rust-free glass lid
- Stackable Food Jars: Storage Saver
- Eco-Friendly: Glass Jar and Lid reusable over time and recyclable

Bormioli
Rocco

**Bormioli
Rocco**

100% Italian

A Bormioli Rocco we believe in the Italian table as the place where some of the deepest and most authentic relationships are created, revived and celebrated. It is the place where we celebrate special events and anniversaries, as well as the place where each day can be made a bit more special. It is at the table that we meet friends, find our family and do business. It is where you truly feel at home, where you can simply be yourself. Since 1825 we have made glass to give your stories their best setting. Because what you see, what you feel and what you touch anticipates the sense of your next story.

PYREX®

"Pyrex® is a trademark of Corning Incorporated used under license by International Cookware®".

At Pyrex®, we love to cook

We have a passion for ingredients.

Borosilicate glass, silicon, ceramic, vitro-ceramic, aluminium, stainless steel, cast iron.

No one else knows how to prepare them like we do

We're obsessed with thermal shock resistance and durability.

And we always keep pushing the limits.

Fire and Ice.

From -40°C to 300°C

From freezer to oven to fridge and back

This took us to where we are today,

in every kitchen around the world.

Generation after generation.

We will never let you down.

So don't be afraid, unleash your thirst for creation.

A table !

EXTREME
RESISTANCE
VERRE • GLASS
BOROSILICATE

The success of a recipe

is built first and foremost on preparation.

The Pyrex Expert bowl was designed to simplify all the many little techniques that make the difference. It is perfect for all steps from mixing to pouring, for all kinds of mixtures, whether thick or thin, for all kinds of cooks, novices or expertswhether they are right or left handed!

+ Wide pour spout:
ideal for thick and
thin mixtures

+ Borosilicate glass:
can be placed in
the oven (for rising
dough) or the
refrigerator

EXTREME
RESISTANCE
VERRE • GLASS
BOROSILICATE

+ Sides angled at
35°: promotes
aeration while
mixing (in parti-
cular with a whip)

+ Graduation
from 1 pint

4.2L capacity
for maximum practicality

+ 340° handle:
easy to hold,
no matter the use

Bake & Enjoy

Bakeware

Pastry is a demanding **discipline!**

From preparation to baking, it requires meticulousness and precision. Don't worry! The Pyrex® Bake&Enjoy range provides you with ideal control over baking in the oven, thanks to the transparent borosilicate glass. Whether for cakes, pies, flans, or any other baked good, there is a matching shape to showcase your sweet creation!

+ Wavy sides: to keep your pie crust in optimal condition

+ Borosilicate glass: to monitor the uniform cooking of your dough

NoStik®

2025-2026

Fat free cooking
Reusable
Keep it clean
No mess, no stress

About ICB

ICB is the innovative producer of NoStik® products, a brand that offers a guarantee of quality and innovation. NoStik® represents a wide range of non-stick products, such as reusable baking and protective sheets, shelves, trays & bags. To the consumer, NoStik® represents quality and innovation and it is the reference in the consumer market when it comes to non-stick applications.

Since 1990 our products are manufactured proudly in Belgium. Our unique fully automatic production facility allows us to control quality in all stages of the production process. We can guarantee our clients short lead times thanks to our stock holding capacity in our 4000m² large warehouse.

NoStik®

NoStik® Goals

Fat Free Cooking

Thanks to their non-stick properties our products don't require added butter, oil or cooking fat during the cooking process. Therefore our products are a handy help for consumers who want to start up or continue a diet or who just want to maintain a healthy lifestyle.

Products symbolizing this goal are, for example, the NoStik® Bake Liner, Pan liner, Crisper Baskets, Cake Tin Liners, Adjustable Oven Liner & Crisper Shelves.

Reusability

Several products manufactured by NoStik® are a reusable alternative for disposable products such as parchment paper, wax paper, aluminum foil and trays. Therefore our products are a handy help for consumers who want to save money and help to reduce waste.

Products symbolizing this goal are the NoStik® Bake Liner, BBQ Liner, BBQ Trays, Oven Liner and Freezer Bags.

Keep it Clean

Several products manufactured by NoStik® are made to keep your cooking appliances clean. Avoiding mess in your kitchen reducing time needed to clean after cooking.

Products symbolizing this goal are the NoStik® Bake Liner, BBQ Liner, BBQ trays, Oven Liner, Gas Range Protectors, Deep Fry Filter and Toast Bags

NoStik® Materials

All products manufactured by NoStik® are made out of woven glass fabric coated with PTFE (Teflon™) or out of pure PTFE (Teflon™)

Woven glass fabric is made by interweaving threads crosswise (Weft) and threads lengthwise (warps). Interweaving can be done in different ways resulting in several types of fabrics. The most visible difference in fabrics is the one between closed and open mesh fabrics. In closed fabrics a further deviation can be made between 0.07mm, 0.12mm and 0.22mm fabrics. In open mesh fabrics a deviation between 1x1mm, 2x2mm, 4x4mm and 6x6mm can be made. Each of these fabrics are used to make 1 or more of our products.

PTFE (Polytetrafluoroethylene) (Teflon™) is produced by the polymerization of tetrafluoroethylene. PTFE used to produce NoStik® products is traditionally a milky white dispersion. Key features of PTFE are its non-stick properties, chemically inertness and high heat resistance up to 260°C.

As an exclusive partner from the Chemours Company, our products are coated with Teflon™ dispersion.

NoStik® legal compliance

Our products are subject to several migration tests per year, performed by accredited third party laboratories. Therefore we can state our products are compliant with regulations such as EU legislation 1935/2004, 10/2011, LFGB, FDA and all their relevant updates. Subsequently all our products can come in contact with food and are for example free from substances such as PFOA & BPA

NoStik® packaging & merchandising

Thanks to our in house graphic department we are capable to design item packaging fast and according to the specific needs of our customers.

On outer packaging level we offer several solutions such as traditional brown outer carton, full color shelf display (PDQ), floor displays and even full pallet displays.

NoStik® Europe and overseas

Our products can be found in more than 40 countries around the globe. Out of our manufacturing and warehouse facilities in Belgium we can deliver to each continent. All products in this catalog are available in our manufacturing facilities in Belgium.

NoStik® South Africa

Nostik® is distributed exclusively by AWG Trading (PTY) Ltd in Southern Africa.

Bake Liner

Features

Reusable alternative for baking paper
