There's glass and there's Pyrex

PYREX®

"Pyrex® is a trademark of Corning Incorporated used under license by International Cookware®."

PYREX®

"Pyrex® is a trademark of Corning Incorporated used under license by International Cookware®"

At Pyrex®, we love to cook

We have a passion for ingredients.

Borosilicate glass, silicon, ceramic, vitro-ceramic, aluminium, stainless steel, cast iron.

No one else knows how to prepare them like we do

We're obsessed with thermal shock resistance and durability.

And we always keep pushing the limits.

Fire and Ice.

From -40°C to 300°C

From freezer to oven to fridge and back

This took us to where we are today,

in every kitchen around the world.

Generation after generation.

We will never let you down.

So don't be afraid, unleash your thirst for creation.

A table !

Expert Bowl

Prepware

My preparation assistant

The success of a recipe

is built first and foremost on preparation.

The Pyrex Expert bowl was designed to simplify all the many little techniques that make the difference. It is perfect for all steps from mixing to pouring, for all kinds of mixtures, whether thick or thin, for all kinds of cooks, novices or expertswhether they are right or left handed!

* Except Kitchen Lab

+ Wide pour spout: ideal for thick and thin mixtures

+ Borosilicate glass: can be placed in the oven (for rising dough) or the refrigerator

4.2L capacity for maximum practicality

+ Sides angled at 35°: promotes aeration while mixing (in particular with a whip)

+ Graduation from 1 pint

+ 340° handle: easy to hold, no matter the use

*Pyrex® is a trademark of Corning Incorporated used under license by International Cookware®
